

Tobermory Travel and Accommodation

Road via Oban and the ferry to Craignure on Mull

From the South take M6/M74 towards Glasgow. Stay on the M74 signed “Glasgow South East”.

Do not go into City Centre. Follow signs M8 to Airport and then Erskine Bridge.

Cross the Erskine Bridge and take the A82 west and continue past Dumbarton, along the side of Loch Lomond to Tarbet, Crianlarich and Tyndrum and then the A85 to Oban.

Journey time from Glasgow is two or three hours, depending on traffic.

If you don't want to take the car across on the ferry, there are free long term car parks at Longsdale and Lochavullin. “Sheltered” parking is available at Hazelbank Motors (01631 566476).

Road via Lochaline and the ferry to Fishnish on Mull

The drive is longer, but very scenic, and the ferry shorter. Follow the route above to Tyndrum, stay on the A82 through Glencoe to Corran Ferry and take the short ferry across Corran Narrows, then the A861 to the A884, signed Lochaline, which is a single track road across the Morvern Peninsula. Although the ferry is not bookable (unlike the Oban ferry), I have always managed to get on.

Once on Mull follow signs to Tobermory. As you enter the town, turn right into the Ledaig car park, by the distillery, where you can park all week with no charge.
